Frequently Asked Questions about Warranty

Know about warranty, including how to avail it for products purchased on Amazon.

To view in your preferred language, locate the **country flag** on top banner and use the drop down to select the language.

Table of Contents

1. [Where can I find the warranty information for the product I am purchasing?](#)
2. [How do I avail a warranty for my product?](#)
3. [What happens if the warranty card/ documents are missing?](#)
4. [The manual is missing. Where can I find it?](#)
5. [What happens in case the brand doesn't reach out?](#)
6. [What happens if I am not satisfied with the service?](#)

1. Where can I find the warranty information for the product I am purchasing, before purchase?

The warranty information can be found on the product detail page. To learn more about the warranty details, simply click on the "shield" icon.

2. What do I see when I select the shield icon and how do I interpret it?

Star within the shield icon: This warranty icon enables you, as a customer, to claim the warranty through your Amazon account.

Tick within the shield icon: This warranty icon means the warranty will be provided by the manufacturer. If you reach out to the manufacturing brand and provide details from your invoice, the service center will schedule a convenient service slot for you.

If you **do not see a shield icon** that would imply the brand has not shared their warranty information with us. Please reach out to the brand directly.

3. How do I avail a warranty for my product?

Warranty Claims and Support

You can start the warranty journey by selecting the "Warranty" widget on the product description page

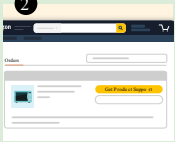

4 Steps to Claim Warranty:

1

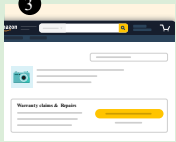

Go to Your Orders

2

Select your product and click Get Product Support

3

Go to the section Warranty Claim & Repairs

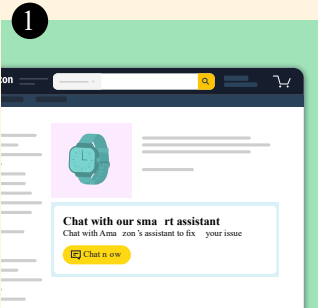

4

Select Available Support Options

Depending on the brand's shared information, you'll see one of the following experiences:

1

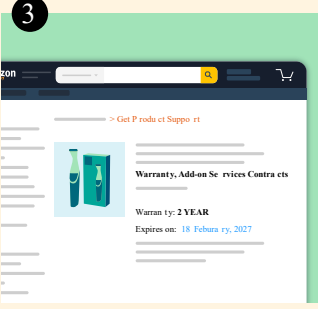

Select Chat now and schedule the service. The manufacturer will contact you directly

2

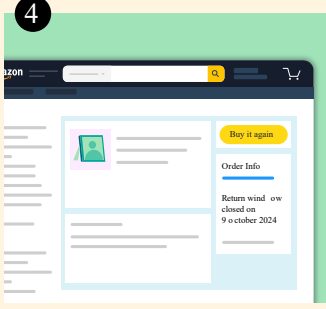

View nearby service centers or contact Customer Support for assistance

3

View warranty status here. For additional details, contact the manufacturer directly

4

No warranty info available. Please contact manufacturer directly

The steps for claiming a warranty can be seen by selecting the "Warranty widget" on the product description page. To avail the warranty service,

1. Go to Your Orders.
2. Select the item for which you want warranty support.
3. Select "Get Product Support".
4. Go to the section "Warranty Claim & Repairs"
5. Select "Available Support Options"

At this stage, you will be able to view four different experiences depending on what information the brand has shared with us, which is shown to you as is.

Experience 1:

You will be able to schedule a service visit by clicking on a button. Your service request will be forwarded to the manufacturing brand, and the brand manufacturer will reach out to you directly for the next steps.

Experience 2:

You will have an option to view the list of nearest service centers with their contact details or the Customer Service contact details of the manufacturing brand. You can either visit these service centers in person or contact their Customer Service center for assistance.

1

Experience 3:

You can view your product's warranty period and its expiration date. In this scenario, please note that the manufacturing brand has not provided any additional details. Please contact the manufacturer directly for further support.

Experience 4:

The "Get product support" option is not visible because there is no warranty information from the manufacturing brand available for the product. Please contact the manufacturing brand directly for support.

There are many ways you can contact the manufacturer:

Option 1:

- Go to the product detail page and click on "more buying options".
- Click on the seller's nickname or logo.
- Click "Contact the seller" in the lower right column of the page.

Option 2:

- Most manufacturers list contact information on the product packaging. If you can't find the information there, you might want to try doing a web search to find their phone number or website.

Option 3:

- You can also contact the brand through phone, e-mail, or by visiting a service center. To contact the brand, visit the brand contact details page. Alternatively, you can refer to the user manual, warranty card, or packaging information to find the brand's contact information.

3. What happens if the warranty card/ documents are missing?

Refurbished or used products may or may not carry a Seller warranty. In case a warranty is applicable, it will be called out in the detailed description of the offer. For any further queries regarding the product, you can directly contact the seller. To know more about used products, check this Help page : Used products - Frequently Asked Questions

4. The manual is missing. Where can I find it?

Check the product description page to know if the product comes with a manual. If so, contact the brand to let them know about the missing manual.

In few cases, you can download the manual from the product's detail page:

1. Search for the item on our website.
2. Scroll to the bottom (or search in the page) to reach the section **Product guides and documents**.
3. Download the PDF of the manual.

5. What happens in case the brand doesn't reach out?

Once a service order has been raised, kindly allow up to 3 business days for the service provider to reach out to you.

Any queries, complaints, or issues pertaining about the Brand Fulfilled Warranty must be addressed to the brand. If you reach out to Amazon Customer Service, we can help raise your concerns with the manufacturer. However, the end resolution will be provided by the brand only.

6. What happens if I am not satisfied with the service?

If you are unsatisfied with the services provided by Amazon Home Services, please Contact us for additional support.

Note: Based on specific conditions, the company will either send a representative to address the damage or provide compensation that is appropriate for the extent of the damages. If you would like to learn more about our Terms and Conditions, please refer to Amazon Home Services T&Cs.

How do I book inspection service for Warranty?

1. Navigate to 'Get Product Support' through Your Orders.
2. You will find the Warranty Claim and Repair option under 'Get Product Support' to schedule inspection service.
3. Once you click it, you will find an option to schedule inspection service. You can also select your suitable slots from the available slots.
4. The technician details will be shared with the you on your registered mobile number.
